

Dynamic Computing Services (DCS) has been supplying exceptional staffing and consulting services for more than 25 years. Our experience in Healthcare IT (HIT) and General IT projects includes Epic certified and credentialed professionals with multiple implementations; Legacy support; as well as experience with other EMRs (i.e. Allscripts, Cerner, McKesson, etc...) and 'homegrown' systems developed internally by organizations.

Within HIT we have experience in numerous capacities including: Legacy Support, Project Management, Interface, Database, Reporting, Epic Workflow Design, Build (Development) and Optimization of every Epic module, Testing and Implementation, MST Build, Training, Go-Live, Command Center Support, ICD-10 Conversion, Medicaid, Meaningful Use, and Medical Coding. In the General IT services arena, DCS provides technical expertise in emerging technologies including: Website front end/back end, interface and integration work, security, database, system administration, design, development, QA testing, implementation, maintenance, and web and mobile apps.
