Re: Training Program Certification FY 23-24 (#64)

Dear Jennifer Young:

In accordance with Section 2054.519, Texas Government Code, the Texas Department of Information Resources (DIR) has reviewed the cybersecurity training program listed below and determined that it meets the required criteria. It is hereby certified for state and local government employees. The certification is valid from September 1, 2023 through August 31, 2024. To retain certification after this date, the training program will need to reapply for certification.

Training Program Provider: Dynamic Computing Services Corporation
Training Program Name: 2023/2024 Cyber Security Awareness Program
Expiration Date for Certification: August 31, 2024

Attached is a logo that can be used as evidence of certification. The logo may be used in promoting the training program to customers, provided: (i) the logo is not modified in any way, (ii) when displayed, the size of the logo is equal to or smaller than the training program provider's logo, (iii) the logo is used only to communicate the certification status of the training program to customers. No other use of the logo is authorized unless prior written permission is obtained from DIR.

Please note that this certification is for the program's educational content and does not alter any other regulatory or statutory obligations. Please direct any questions to TxTrainingCert@dir.texas.gov.

Sincerely,

A handwritten signature in black ink that reads "Nancy Rainosek". The signature is written in a cursive style.

Nancy Rainosek
Chief Information Security Officer
Texas Department of Information Resources
